DESCRIPTION: Sandra took the hand-hewn split rail fences and gates on her Wine Country property as her inspiration for this reversible design of opposing squares. Senda’s hand-drawn, painterly qualities are underscored by the sunwashed pale grey-green colorway. The blend of silk with Prima Alpaca give Senda an elegant, appealing sheen.

Backing recommended for upholstery applications.

Prima Alpaca is a natural fiber with inherent variations. These subtle differences are not flaws but the essence of its natural beauty.
